# AUDITORS' REPORT

To the Directors of
The Board of Education for the City of Hamilton Foundation

We have audited the balance sheet of The Board of Education for the City of Hamilton Foundation as at December 31, 1999 and the statement of surplus for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as explained in the following paragraph, we conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with many not-for-profit organizations, the Foundation derives revenues from donations, the completeness of which is not susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Foundation and we were not able to determine whether any adjustments might be necessary to these revenues, assets and surplus.

In our opinion, except for the effects of adjustments, if any, which we might have determined to be necessary had we been able to satisfy ourselves concerning the completeness of the donation revenues referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the Foundation as at December 31, 1999 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

The comparative figures were audited by another firm of chartered accountants.
